

HOST A VIRTUAL CONVENTION & TRADE SHOW

MEET MEMBERS RIGHT WHERE THEY ARE

Educational Content:

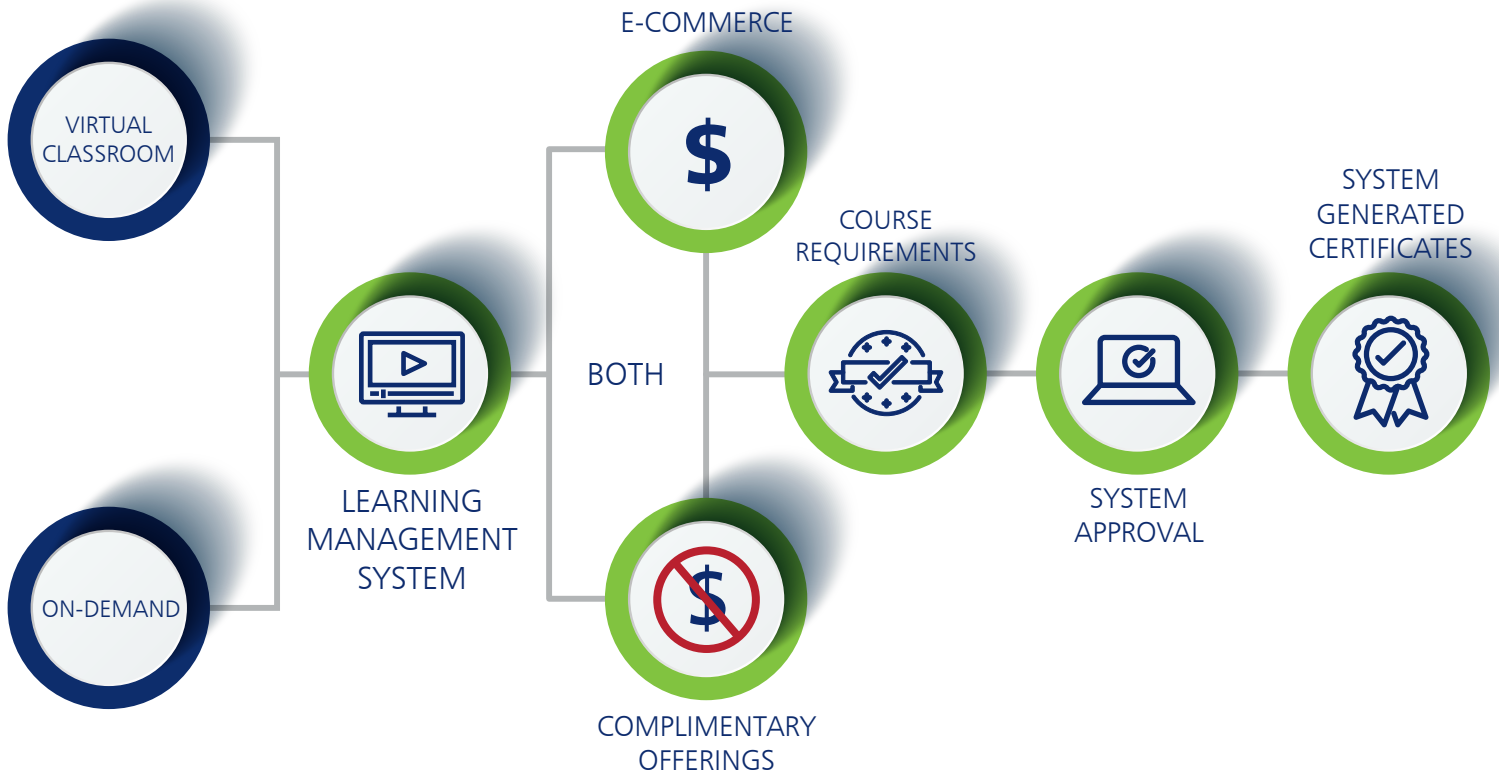

Partner with VGM Education to provide your convention educational sessions via a virtual classroom, on-demand, or both.

Exhibit Hall:

Attendees participate in a virtual exhibit hall where vendors share their products and services. Attendees are able to browse through the trade show and click on a vendor booth to access vendor information.

CEU Administration:

Ensuring that attendees receive CEUs for your professional education can be easier than you imagine, thanks to VGM Education's years of experience with accrediting bodies. Certificates of completion and transcripts are immediately available for attendees.

YOUR WORK OUR WORK
